

ARTH

Action Research and Training for Health

Vacancy

Position: Associate (Horticulture extension & nutrition)

Qualification: Post-graduate in agricultural sciences

Experience: 2 years desirable, freshers can apply

About ARTH

We are a not for profit public health organization based in Udaipur. Since 1997, we are working towards improving the health status and addressing related needs in rural and vulnerable communities of southern Rajasthan.

The organization functions through delivering health services, research, advocacy, training and outreach programmes. We are team of professionals from diverse background working closely with community in addressing their health needs.

The position

The Associate will plan, implement and anchor horticulture extension activities in Udaipur & Rajsamand districts, to improve nutrition of vulnerable rural-tribal households.
