Action Research and Training for Health

CALL FOR DOCTORS

to support health care
for the older persons
in rural tribal Rajasthan

Regular/ Consultant
position

Action Research & Training for Health (ARTH) Society, a not for profit public health organization, delivers primary care services in a rural-tribal population of 10 lakh in southern Rajasthan. In 2018, ARTH introduced health care for older persons through monthly camps in 13 nodal locations and once a year camps in other locations with community follow-up for chronic conditions within Udaipur & Rajsamand districts

We are looking for a MBBS doctor with 3+ years experience and interest in dealing with patients of old age, to provide direct clinical services. Travelling to camp places will be arranged by organization.
